**W & S Training Ltd**

## *Company*

The company was established in 2009 conducting commercial training in NE Lincolnshire, Hampshire and abroad for various clients. Recently relocating head office to Scunthorpe, the company has grown significantly from providing simple individual lift truck courses to large commercial bespoke training packages, allowing the company to reach its full potential in service productivity. We are able to provide ITSSAR accredited courses at our facility in Scunthorpe or at the client's premises for their convenience. We can also supply bespoke courses for all your company's needs.

Our courses vary from employee safety requirements to specialist equipment training. All our instructors are updated annually to ITSSAR standards and are extremely professional.
